

TRASHKOVA

DESIGNED BY TIM STONE and AYA HATANO

Trashkova is a versatile utilitarian product made entirely in Australia, its robust steel construction and hard wearing powder coated surface affords it many uses. Trashkova is finished by hand, by design each product unique - no Trashkova's are the same. Available in three sizes it can be used as a wastepaper bin, umbrella stand, side table, plant pot or stool.

Trashkova is 100% made in Australia
